VIPER

THE SILENT CONQUEROR

Viper is built for riders who want more than just transportation. With its moto-inspired frame, NFC-enabled display, and advanced suspension system, it delivers a ride that is bold, capable, and impossible to ignore.

KEY HIGHLIGHTS

NFC-ENABLED PREMIUM DISPLAY

The Cluster C9 display shows speed, battery level, assist mode, and ride data on a clear, wide screen.

REFINED MOTO-INSPIRED FRAME

A high tensile steel frame built for strength, durability, and stable riding.

PUNCTURE PROTECTED TYRES

20" x 4.0" puncture protected (up to 3mm) nylon tyres offer strong grip, stability, and better shock absorption on uneven roads.

HYDRAULIC DISC BRAKES

Powerful hydraulic braking ensures precise stopping and better control.

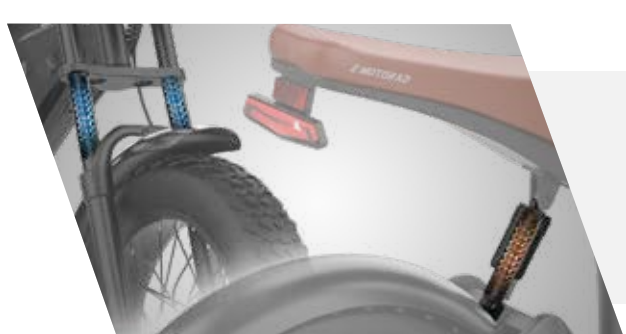

EFFORTLESS POWER DELIVERY

A 48V 250W rear hub motor delivers smooth acceleration and consistent torque.

EXTENDED PERFORMANCE RANGE

The 48V 15.6Ah removable battery supports longer rides with fewer charging breaks.

ADVANCED DUAL SUSPENSION

Double crown front suspension with rear shock absorption helps smooth out bumps and rough terrain.

INTEGRATED SAFETY SYSTEM

Front and rear lights with an integrated horn improve visibility, while auto cut-off e-brakes enhance rider safety.

Specifications at a Glance

	Frame	: Moto-Inspired High Tensile Steel Frame
	Tyres	: 20" x 4.0" Fat Nylon Tyres
	Suspension	: 100mm Double Crown Front Suspension with 40mm Rear Suspension
	Motor	: 48V 500W* Rear Hub Motor
	Battery	: 48V 15.6Ah Removable Li-ion Battery
	Display	: Cluster C9 Wide Colour Display with NFC
	Gears	: 7-Speed Shimano TY200
	Pedal Assist	: 5 Levels
	Brakes	: Auto Cut-off Hydraulic Disc Brakes with 160mm Rotor
	Lights	: 420 lux Front Lights and Rear Lights with Integrated Horn
	Range	: Up to 85km
	Charging Time	: 6-8 hours
