

E MOTORAD

Electric Cycles

INTRODUCING

X2

X2, the electric cycle made for everyone, has a unisex frame with a lowered top tube. Step through and ride effortlessly as the powerful 350W* rear hub motor brings fresh energy to every ride.

KEY HIGHLIGHTS

DISPLAY

Cluster C10 colour display provides essential metrics like speed, battery level and distance in real time.

BATTERY

Powered by a 36V 7.65 Ah removable Li-ion battery, the X2 electric cycle is built for long-lasting rides.

TAN WALL
tyres

TAN WALL FINISH AND BROAD PROFILE

A bold look with greater stability and confidence on everyday roads.

MOTOR

A 350W* motor delivers instant torque from the first pedal stroke, flattening inclines and cutting through traffic.

*Available starting October 2026

SUSPENSION

Equipped with 100 mm suspension, the X2 electric cycle delivers comfort on all terrain.

FRONT LIGHT

Powerful illumination for safer, clearer rides at night.

PUNCTURE PROTECTED TYRES

Protection against punctures up to 3 mm for enhanced durability and convenience.
